Welcome

What a year!

We can't believe another one has passed by so quickly.

This edition is packed with Christmas activities, top 10 Christmas tips, employment support, free weekly self-defence classes and much more!

Our 2021 Highlights:

Finally able to see family and friends

SW4 Community Gardens

Events such as Christmas Celebration, Healthy Living Christmas Fundraiser, Over 50's Christmas Dinner & Celebration took place

Clapham Park Cube and New Park Road office reopened to residents

The announcement of our joint venture partner, Countryside.

Thank you all for your involvement in keeping the community connected. We wish you and your loved ones, happy and healthy holidays, and a great new year!

A message from Countryside

Clapham Park Development

Last newsletter we announced that Countryside Partnerships was selected to work with us to help the regeneration of Clapham Park. We are working hard to make sure all the paperwork is in place. Alongside that, we are getting our planning documents ready for submission to Lambeth to enable demolition of B01 and C01 to commence early Spring 2022. It is our hope that we will arrange a face-to-face meeting with you all sometime early in the new year so we can meet each other and talk about the future of the regeneration. We will also be providing more detail on the demolition works so you are fully informed. The team at Countryside asked us to pass on their best wishes to you all for a happy and healthy holiday period.

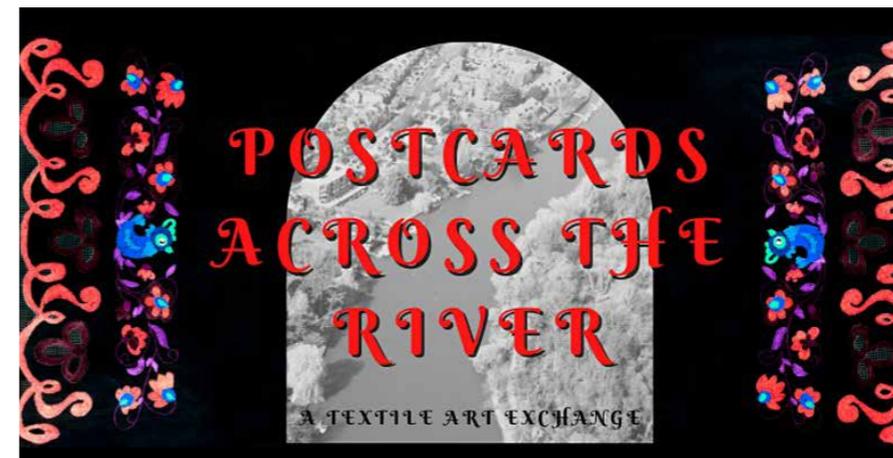

Platforma 6 Festival

Stitching Time And Place: Postcards Across The River

At the start of November, residents from The Clapham Park Creative Cooperative were invited to host a discussion as part of this year's Platforma 6 Festival.

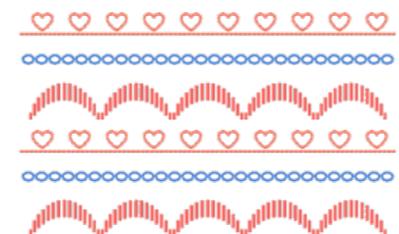

Reflecting on the creative work of local community members through lockdowns, alongside East London Textile Arts, the group held a conversation about embroidery, and community and historical archive in the Postcards Across the River project.

“As we emerge out of lockdowns, we want to rediscover the joy of making new friends, of sharing our experiences and learning from each other's cultures.”

Clapham Park Creative Co-op is a neighbourhood initiative exploring community change through creative conversation, and is produced by Counterpoints Arts. It works in partnership with and is supported by the Metropolitan Thames Valley Housing Association.

East London Textile Arts (ELTA) is a collective running participatory textile projects in Newham, East London. It works with diverse groups of all abilities on a long term developmental basis building a wide range of skills within communities.

Platforma arts and refugee network supports and develops arts and culture by, about and with refugees and migrants. Platforma is managed by Counterpoints Arts in partnership with organisations across the country. Every two years we run the Platforma Festival in a different part of England. Platforma 6 will take place in Yorkshire and online in October 2021 with a special focus on textiles.

We encourage all residents to go and see the series of creations from The Embroidery Club at www.claphamparkcreative.org.

To find out more, please contact: Marcia Chandra, Creative Producer of Clapham Park Creative Co-op

Community Business in Focus

The Community Shop is reopening in December!

Community Shop Lambeth, why become a member?

Membership of Community Shop Lambeth gives you access to a wealth of benefits across our Store, Hub and Kitchen. Membership is open to eligible members of the local community, and it is free to join.

We are opening our doors on the 8th of December and new members are welcome. Just come along and speak to a member of staff in store at Vale Street, Lambeth SE27 9PA

Our Community Shop model works by providing members with immediate access to high-quality, low-cost food and essential products.

Community Shop

OPEN FOR MORE

Open for More at Community Store –

In-store, make the most of our daily 'Plenty for 20' deals. That's a range of products available for just £0.20p every day, on products like fresh fruit and veg, tinned goods and bread. Down every aisle you will also find an array of surplus surprises.

Open For More at Community Hub -

We have a variety of development courses that offer individuals a pathway of their choice that focus on their capabilities and motivation and build a toolkit to help them become the best version of themselves. Our development courses have supported 701 members back into employment and 902 into higher education since we opened our first store.

Open For More at Community Kitchen -

Our kitchens offer free food to children every day. Also, we provide good quality meals at low-cost prices. Our free cook clubs support communities to eat more healthily - 95% of our members say they are eating more healthily since joining. Throughout the year, our Kitchens hold free events and activities to bring communities together.

When: From Wednesday 8th December open 9am - 5pm
Where: Community Shop West Norwood, Vale Street, Gypsy Hill, London, SE27 9PA

Community Shop has always made sure that children can access free food. Every school holiday our Healthy Holidays programme brings families together to get involved in over 40 interactive cooking and exercise sessions. Alongside our partners, we provide wellbeing and nutritional information sessions so children can learn about

the benefits of eating nutritious foods and keeping fit. So far, 31,542 families across the UK have engaged with our holiday provision.

We are very proud to be part of the communities we support, and we look forward to welcoming our new members to Community Shop Lambeth soon.

It's beginning to look a lot like Christmas

Christmas is just around the corner, and this year we are excited to be celebrating together!

Clapham Park Christmas Celebration

On Wednesday 9 December we kicked off Christmas in style with the Brixton Chamber Orchestra in The Cube. We were treated to some wonderful festive music and enjoyed lots of tasty Christmas treats. The perfect way to get into the Christmas spirit.

St Martins Winter Celebration Party

Despite the rain, residents came out to enjoy live music, home cooked food, and most importantly each other's company, with many more people listening from their windows.

Over 50's Christmas Dinner & Celebration

Over twenty elderly residents tucked into a delicious three-course Christmas extravaganza cooked by volunteers on 14 December.

Following the last eighteen months, we were pleased that the group was able to come together again in person and celebrate the festivities collectively.

Special thanks to Gordon & Gillian Wedderburn (GW Jazz) for continuing to bring people together through music at this special event.

*You have slaved in the kitchen
Whilst we sat down to feast
When the day is over and you go home
Put up your feet and take a well-earned break.
Eat and drink and be merry
and celebrate your Christmas holidays.*

A Christmas Poem, written by Lesley Brewsher,
Chair of the Over 50's

Healthy Living Platform's Christmas Fundraiser

Earlier this month, Healthy Living Platform and local volunteers cooked up a storm at The Cube, to prepare a delicious Spiced Pear and Apple Chutney which is being sold to raise funds for the charity's work in improving the health and wellbeing of the whole community across Lambeth. £5 could...

The Chutney is bursting with warming spices and locally sourced fresh fruits and veg.

Handmade at The Cube by a champion team of local resident volunteers using fresh, locally sourced ingredients. Yours for just £5!

- Provide a range of fresh, healthy food and cupboard items for a week through our pantry model
- Provide healthy cooking sessions with peer support and take-home food for 4 parents and their children.
- Looking for a feel-good stocking filler with a great taste?

A huge thanks to our chutney champions, volunteers Patricia, Amani, Roxanne, Andrea, Jo and Bessa for adding all their ideas and chopping magic!

To order, head to www.healthylivingplatform.org
But be quick, we only have a limited number!

Top 10 Christmas Tips

Work out a realistic budget and plan for food, presents and decorations. Work out your income and essential expenses to understand what you can comfortably put aside for those extra Christmas costs. Stick to the budget.

Get creative and make your own presents (handmade gifts using personal items are a hit), decorations (Christmas tree decorations using children's arts and craft materials), cards and even wrapping paper (a brown paper roll and some fun stamps work a treat).

Find the best deals for presents online using price comparison websites. Google shopping is a good place to start.

Propose a secret santa with family and friends and set a budget that suits you, this could be £5 per gift for children and £3 per gift for adults for example. Keep it within your budget.

Buy pre-loved gifts from charity shops and donate some of your unwanted toys, books or clothes too. It's a brilliant way to save money but also help the environment by recycling items that still have life in them.

Talk to family, friend or professional services such as MTVH's Empowering Futures Team, Citizens Advice or StepChange if you have any money worries. Christmas should be a fun time for all.

MTVH Empowering Futures 0203 535 3535 | Citizens Advice 0800 144 8848 | StepChange 0800 138 1111

Useful sites: <https://www.moneysavingexpert.com/shopping/christmas-savings>
<https://www.comparebasket.co.uk>

Meaningful alternatives to Christmas presents such as putting the money aside for a family experience like a trip to the museum/ theatre or even a mini holiday. You'll be surprised of the fantastic memories that will be created from an experience together.

Plan some free family Christmas activities; watch a Christmas movie or read some Christmas stories around the tree. Take a festive walk.

Buy sharing gifts such as board games, dvds or console games to save on costs.

Check supermarket prices and buy for taste and value rather than brands and packaging. Aldi, Lidl and Iceland all do fantastic Christmas produce.

Always keep track of your spending along the way!

Exceed Reading Stars Christmas Experience

This year has been a trying year, but with determination, we pulled through and achieved so much so far. Exceed Reading Stars is planning to end 2021 with a bang! This Christmas, we have prepared an exciting week for our youth to celebrate this year's Christmas holiday, themed around a cosy winter vibe to counteract the cold season.

We want to present to you the "Exceed Reading Stars Christmas Experience!". This is our way of treating children and young people of Lambeth this Christmas with a week of festive fun, creative and hands-on activities, baking and cooking, and new experiences London has to offer for our young people.

Over the following pages is the full schedule of our Christmas Experience. Participants will get to choose which site they would like to attend and which activity they would like to indulge in. For example, on Tuesday we are holding our sessions in two sites doing two completely different sets of activities. They have the choice between Clapham (doing one of the listed activities) or Moorlands (doing either arts and crafts or story telling).

Monday 20th December at Clapham Park Cube

Monday will be a busy day packed with four amazing activities! We have prepared a sports day with different sports such as ball sports, fun relays, boxing and more. Everyone loves to be in a kitchen. We will get stuck in making gingerbread men and Christmas themed cakes. We can decorate the festive snacks with icing and edible decor. Participants must make us aware of any dietary requirements and allergens clear in our consent form!

Tuesday 21st December at Clapham Park Cube and Moorlands Community Centre

Participants have the choice between two sites. At Clapham, children will be continuing with the previous days' activities. Over at Brixton, children will be getting their hands dirty and creative with our Arts and Crafts day. From painting big art pieces to crafting Christmas decorations for their homes. Meanwhile, storytelling will take place where children can occupy their minds and write plays, stories and even write a letter to Santa! Not to mention reading books and performing Christmas themed plays!

Wednesday 22nd December at Queensway Ice Skating Rink

We will be taking everyone on a day trip to Queensway Ice Skating Rink to experience what it's like to fly on ice. Everyone is expected to wear warm and protective clothing, such as hats, gloves, jackets, and thick legwear to minimise injury and to keep ourselves warm. Attendance for this trip is on a first-come-first-serve basis which means, the quicker you submit registration and consent forms the more likely you can secure a space for the trip. We will let you aware of this in our confirmation email.

Thursday 23rd December at Clapham Park Cube

To wrap up the festive week, we plan to get cosy with everyone who participated during the week with a Xmas Pyjama Cinemathon! For this day, please come in either a festive jumper, onesies, or pyjamas whilst wearing appropriate outerwear for the cold weather. Get ready for yummy festive snacks, soothing hot chocolates while binge-watching Christmas movies on a huge screen.

Our last successful campaign was "Get children reading again!" and that statement still stands. We still want children reading again and most importantly, to enjoy reading. To commemorate our success from our last campaign, we would like to pick up from that and start a new move which rewards our participants with something special this Christmas.

"Grab a book and get cosy!" Is a reading challenge that encourages all young people to read and complete six books during the winter season. The books can be any book of their choice or provided by Exceed Reading Stars. Participants must finish the book to the best of their ability and once the book has been returned, they will have to complete a book review to prove that they have read and finished the book. The book review will ask a couple of questions about the plot, the characters, the beginning, middle and end to allow the reader to reflect on and retain what they have read. This also allows us to know what children and young people these days enjoy and dislike and their experiences while reading, to add to our forever-ongoing research.

Upon partaking in this challenge, participants would have received our very own reading loyalty card. There are four

beautiful Christmas themed designs to choose from with spaces where everyone can collect a fun sticker of their choice to keep track of all the books they've read. To earn a sticker, they must complete and submit a book review for each book. Once they have finished their sixth book and book review, they can expect a prize!

For the duration of the winter reading challenge, we will be communicating with our followers on our socials to encourage more reading amongst youths

and boasting our participants who are indulging into their book of choice! Tune in to the hashtag **#GrabABookGetCozy** and participate in our mini-challenges and quizzes we will post throughout the winter. Anyone can feel free to use the hashtag to share their reading activity or to show off their favourite books as well!

Get involved and exceed our expectations!

Everybody was Chung Fu fighting!

Self Defense Workshop

Local resident and Chung Fu expert Peter Brown kicked off Clapham Parks Free weekly Self Defence classes in October, before hosting a Women's only self defence class in November.

Here's what instructor in Chief, Peter Brown had to say about the classes so far:

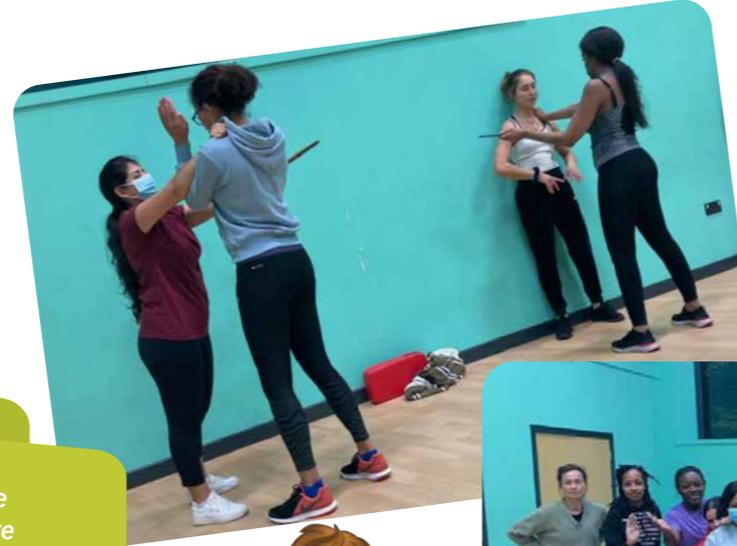

“

The sessions so far have been a real success, we have over a handful of dedicated students who are progressing well, with newcomers arriving every week. Participants are learning the healing principles of Chi Kung, while training practical self defence aspects of Wing Chun Kung Fu.

The class has a little bit of something for everyone whether it be fitness, high pace workout, or meditation and stillness of the mind and body. Wing chun martial arts, helps keep your mind, body and Chi (energy) running at its optimal level.

Fundamentally it is bringing our community together, giving people an outlet to express themselves, whilst allowing for a much needed face to face engagement to take place.

”

If you're ready to get fighting fit, why not come along, classes take place each Thursday from 7:30pm at Clapham Park Cube 116 Kings Avenue SW4 8EP.

Note: Please wear comfortable sportswear and trainers.

With Energy

Managing your Energy Consumption

Your Heat Payments

Gas prices have recently risen by over 400%, however, With Energy can confirm that your heat unit charge will not change during the winter months. We are really proud to be able to hold prices during the winter months for our residents.

The next tariff review will be in April 2022. We are sadly expecting to see a price rise, but it is not expected to jump in a similar manner. As the tariff will not increase until next year you will be protected from spiked prices during the coming winter months.

If You Need Extra Support

With the "Energy crisis" continuing we need to make sure that we have as open a relationship with you as possible. We will always offer a payment plan and will work with you if there are difficulties with paying bills, but the key to this is engaging with us as quickly as possible, so we are able to help.

If you need help paying your statements please contact us to discuss your payment options. We will work with you to arrange a specific plan to pay off what you owe and make payments for your ongoing statements in agreed instalments that will be automatically debited from your account.

By registering with us, we can make sure we give you the support you need.

If you want independent help and advice there are several organisations that can help if you are having financial difficulties, such as:

- **StepChange**, a charity that helps thousands of people overcome debt every week - you can call them for free on 0800 138 1111, or try their helpful **Debt Remedy Tool** or **60-Second Debt Test**
- **National Debtline**, an independent charity dedicated to providing free debt advice to millions across England and Wales - they offer free advice online at [mymoneysteps.org](https://www.mymoneysteps.org) or through their helpline on 0808 808 400

We offer support to customers who may be in a vulnerable situation or need extra help to manage their heating and hot water account. For example, if you:

- Are of a pensionable age
- Have a disability
- Are chronically ill

By registering with us, we can make sure we give you the support you need.

Energy Saving Advice

We had a number of issues in the previous winter as people were using more heat than they wanted to be using. Since then we have completed a number of meter verification checks and we have worked with customers to investigate why this sort of consumption was happening.

Much of the challenge was in the "programmer" - this is the box on the wall that controls when the heating comes on and asks for a temperature.

With Energy are not able to change or fix issues within the flat (including the programmer and radiators) after the Heat Interface Unit (the box that transfers the heat from our system into your homes heating system). This works on the same principle as that of the electricity network – as long as there is electricity coming into your house your provider has met their obligations. However, we understand that this is frustrating so if you would like to get more information on this please let us know and we will do everything we can to signpost you to the right place.

You can get more energy saving tips from

- Energy Saving Trust
- Citizens Advice
- The Heat Trust

The energy saving figures in this newsletter came from the Energy Saving Trust in June 2021.

If you have any queries, you can email our customer service team at hello@with.energy or call us on 0333 8000 11 (Open Mon-Fri 9-5pm)

Kind Regards,

With Energy Customer Service Team

Christmas General Knowledge Quiz

- 1 Which country started the tradition of putting up a Christmas tree?
- 2 In which country is it tradition to eat KFC for Christmas dinner?
- 3 What is traditionally hidden inside a Christmas pudding?
- 4 In the episode of Friends 'The One with the Holiday Armadillo', who dresses up as an armadillo?
- 5 If you're born on Christmas Day, what is your star sign? How do you say "Merry Christmas" in Spanish?
- 6 How do you say "Merry Christmas" in Spanish?
- 7 Where was Jesus born?
- 8 Which classic comedy's Christmas special in 2003 ended with Tim and Dawn finally finding love?
- 9 Which US political figure does Kevin run into in Home Alone 2?
- 10 How many gifts were given in total in 'The Twelve Days of Christmas' song?

We Are Hiring

Tutor Coordinator

We are looking for a Tutor Coordinator to support with the attraction, recruitment, and management of our fantastic tutors. If you're passionate about working with young people and making a real difference, this might be the job for you!

Deadline to apply
12th Jan 2022

www.tutorsunited.org/about-us/vacancies

We Need You

We are expanding the number of residents we have on the MTVH board's Clapham Park sub-committee, which is chaired by CEO Geeta Nanda. As we start the next phase of the regeneration with our joint-venture partner Countryside we need residents to help us scrutinise the work the joint venture will be undertaking and ensure our services meet the needs of the estate and wider community.

We are delivering new homes, new parks, new retail/commercial hubs, public art and various projects to help everyone to live well.

We are looking for both tenants and leaseholders as well as other local interested parties such as commercial operators or local charities. You need to be able to commit to the time to review papers, attend meetings and generally represent the interests of the community. You may have done this before at earlier stages of the regeneration or be new to scrutinising. We will support you with training and out of pocket expenses. We are particularly keen to hear from younger people but don't let that put you off, we want to hear from you all. If you're interested and would like to know more then please call **Theresa Agyeman** on **0203 535 3165** or email him at **theresa.agyeman@mtvh.co.uk** and proposals. The deadline for applications is 5.00pm on Friday 21 January 2022.

Looking for work?

If you are unemployed and looking for work before Christmas or in the new year, Ella Sunley is an Employment Advisor for Love London Working programme and is based at the Cube every Wednesday. She can discuss supporting you into employment and training and help you find the role that suits your skills!

Love London Working is a fully funded programme that provides a wraparound service to residents and Londoners and offers tailored 121 support to help improve the lives and employability skills of our customers. From CVs and job applications, all the way through to interview and job sustainability, Love London Working understands your needs and will guide you towards achieving your goals. Please call or email **Ella** to book in an appointment on **07834753470** **eleanor.sunley@mtvh.co.uk**

Celebrating Local People

We want your ideas and suggestions on what to call some of the new roads and buildings being delivered at Clapham Park. We are particularly keen to ensure we can celebrate the contribution local people have made to our community. There are a few criteria which must be met such as we have to be able to evidence the contribution the nominated person has made (this can be newspaper articles or internet articles), their name cannot have been used elsewhere in the borough and they must have a local (Lambeth) connection. Unfortunately, we can only consider names of people who have passed away. Any suggestions will be put to Lambeth Council at the time for their approval.

Please send any suggestions to **ClaphamPark.Regen@mtvh.co.uk**

Shuffle & Shake Up

As part of our continuous work to improve our services we have increased the number of local colleagues and made some changes.

The local housing team is now managed by Housing Operations Manager **Nathaniel Takyi-Berko**. Nat now has a team of five Local Housing Managers who are now responsible for a smaller number of sites:

- **Valerie White** replaces Nesli Wheatly in managing our Leasehold only schemes
- **Sanjay Lewis** (Clapham Park South)
- **Janay Worrell** (Clapham Park West)
- **Julie Barks** (Clapham Park East)
- **Ayat Mahmoud** (hybrid patch containing Tilson & Morley House, Scrutton Close, Tresidder House and Allingham Road).

We are also in the process of setting up a new regional Housing Hub to support all our south London residents with their housing related queries. Recruitment to this is still underway.

Clapham Park Office

As the covid pandemic continues to evolve we continue to work flexibly, working locally and from home. Like the rest of society our colleagues continue to be affected by isolation instructions for themselves and their families. The Clapham Park Office is the only counter service we have available in the borough and is open to visitors from 9am to 5pm on Mondays, Wednesdays and Fridays and is supported by a duty Local Housing Manager. Our call volumes are very high at present so we would encourage you to use the MTVH online portal to access services where possible. You can do this at <https://www.mtvh.co.uk/mtvh-online-new-self-serve/>

Goodbye and farewell

We are about to hand over several sites for preparation of the next phase of demolitions and new homes.

Many of our residents would have lived in some of these buildings for a few years and have fond memories. If you have yet to take a photograph of yourselves outside these buildings, you may want to do so now before they are replaced. So, it's farewell to Bruce House, Riley House, 60-101 Plummer Road, Poynders Parade and 140-154 Clarence Avenue.

Christmas General Knowledge Quiz: Answers

- | | |
