

Clapham Park regeneration update - February 2026

We are making good progress delivering new homes, green spaces, shops and other amenities for Clapham Park. Over the past three years 843 new homes have been started and when complete Clapham Park will offer local people 4,200 new or refurbished homes, 4.8 hectares of green spaces, new shops, a community centre and other amenities. Delivering lasting change for the community.

This map shows:

- **New buildings completed**
- **Buildings under construction**
- **Buildings where construction is yet to start**
- **Local landmarks**
- **Major roads**
